Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from A Memoir of the Life and Work of Doctor Antoine Francois Saugrain What now would be called the scientific spirit came to St. Louis and Upper Louisiana with the beginning of the Nineteenth Century, when Doctor Antoine Francois Saugrain became post-physician under the Spanish Lieutenant-Governor, Don Carlos Dehault Delassus. Reappointed by President Jefferson in June, 1805, to this position of sonic honor but small profit. Doctor Saugrain, until his death in 1820, continued in St. Louis, what lie himself called his work in the dark in scientific experiment, conducted under the great difficulties incident to the practice of his profession as a physician in a pioneer settlement in the wilderness. In his own generation, when science was not specialized as it is now. lie might have been called the first philosopher of the Mississippi Valley. and there would have been no one to contest the claim. Don Juan d Ulloa, who came to New Orleans as Governor of Louisiana in 1765, owed his appointment more to the regard in which philosophy was beginning to held in Spain than to his talents as an administrator. He was the most noted philosopher of Spain in his generation, but the revolt of the French element, under Lafreniere, forced his recall from Louisiana too quickly to allow his name to Become identified with the Mississippi Valley, except as it figures in a painful chapter of political history. It was only when Doctor Saugrain removed his chemical apparatus to St. Louis that the country west of the Mississippi acquired a resident representative of the spirit, already developed in the Eighteenth Century, which was to revolutionize the Nineteenth, with promises of...
