APOLOGIES TO MAN solves the mystery of why humans harm one another, guides us through the process of resolution, and reconnects us to our highest level of integrity. Chapter by chapter, revealed are the hidden sources of violence and truths that redeem all humans including a path from desperation to dignity, an emergence from the quicksand of blame, a view through the fog of hardship into the clarity of innocence, a resolution for grief, a release of the burden of humiliation, and a realization of man's undeniable connection to one another. This evocative adventure into the actions and reactions of civilized man answers the toughest questions in human history. How can we live through atrocity and not have it live through us? How can we release the guilt of our mistakes? Why do we disown the parts of ourselves we don't admire and how does it affect our view of fellow humans? How do we stop the cycle of retaliation? How do we live with the knowledge of deeds we accepted as common but now know the harm and horror they caused? What can we do to stop the consequences of these actions--residual effects we see everyday? In APOLOGIES TO MAN, the actions of humans are presented with deep insight, inspired resolution, and unprecedented respect.
