Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1907 Excerpt: .or bloom, invariably absent from goods dyed with synthetic indigo; for the natural indigo not only gave a richer shade, with the characteristic bloom , but also actually a darker shade. The difference between the natural and the synthetic material, which is hardly apparent in dyeing trials made on the small scale, appears to become of considerable importance under conditions such as occur in actual practice. i Manufacture of Paper from Rice Straw. The Board of Trade Journal for May 23 last, refers to a movement that is on foot in Texas, to manufacture paper from rice straw. Difficulty is being found in obtaining a sufficient supply of timber, suitable for the manufacture of pulp, with the result that the price of wood pulp, which was formerly from \$40 to \$50 a ton, has doubled during the past few years. Experiments have been made to test the...
